JULY MEETING: July 15, 1995

6:30 P.M.

PINTLALA BAPTIST CHURCH

FROM THE PRESIDENT:

The last message written by your president ended with me asking the Lord to let it rain to get rid of the pollen. Well, He responded right after our last historical meeting with two gully washers. Since that April 18th date, Sprague has had only 1.6" of rain. If it takes a public prayer, Lord, please send us some rain.

Our prayers and thoughts have all been with the Carter family since the last meeting. Bill meant a lot to his family and community; we will all miss him.

Preliminary discussions regarding plans for the relocation of the Butler Mill stone have been held. More details will be announced at a later date.

It is hoped that everyone had a safe and happy Independence Day.

RICKY McLANEY

Lush summer fields I dare not lie in;
They're much too flush with ragweed pollen!
Lucinda Morken in Reminisce Magazine.

JULY PROGRAM ANNOUNCED:

July means that it is time for the annual PHA covered dish dinner! The dinner will be on Saturday, July 15, 1995 at 6:30 pm in Whigham Hall at Pintlala Baptist Church. Bring your favorite dish and a hearty appetite and join us for an enjoyable evening of fun and fellowship. This is a wonderful opportunity to recruit new members for PHA so bring any guests that you feel might be interested in our organization. We should bring a little extra food to provide for our guests. The organization will provide beverages.

Our program will be presented by Mr. Larry Davidson. Many of you may already know Larry as he serves on the Chaplain's Staff at Baptist Hospital. He is also a very talented and entertaining story teller. Our program will feature the stories of Joel Chandler Harris. I am sure all of you have a favorite "Uncle Remus" story so come find out more about the author of these stories and the stories themselves.

We look forward to seeing you on July 15th at 6:30! [ATC]

DAVID MANAC (MONIAC) TO BE HONORED:

David Manac was the son of Sam Manac and Betsy Weatherford (William Weatherford-Red Eagle's aunt). He was born in Pintlala, probably on lands now owned by Mrs. David Murrell. As a boy he must have roamed and hunted all of the woods in the Pintlala area and floated his canoe in Pinchona, Pintlala, and Catoma creeks. He was the first American Indian, or to be politically correct, native American to graduate from West Point. He was killed in the 2nd Seminole War at the battle of Wahoo Swamp.

Through the efforts of Will Hill Tankersely, a West Point graduate and history buff, a monument as designated below will be erected at the Florida National Cemetery, County Road 476B, Bushnell, FL 33513. Will Hill continues to work on pinpointing the site of Manac's Tavern in order to get an appropriate historical marker erected for it. [ETT]

OUR PIONEER ANCESTORS

NATHANIEL AND CHARITY SHEPHERD BONHAM

Nathaniel Bonham was born in North Carolina on 17 January 1796. The place of his birth is undocumented at this time but he declared NC to be his state of birth in the 1850 and 1860 AL census records. A likely place to search for further information about his family would be Lincolnton, Lincoln County, NC where Revolutionary soldier Absolom Bonham died in 1794. Information concerning Absolom's only male heir, Malachiah Bonham would probably be helpful. There is considerable confusion in the published accounts of this family. John Bonham who settled at Pintlala was also born in NC and we suspect that Nathaniel and John were closely related but have no documents at this time to establish a relationship. Research into these families is further complicated by the presence of two John Bonhams in Montgomery County in the 1820s and 30s. The John Bonham who was the brother of Alamo hero, James Bonham, was married to Sally Pou and they operated an inn or hostel of some sort in the town of Montgomery.

The earliest document in our file which mentions Nathaniel is his marriage license in Jefferson County, GA where he married Charity Shepherd on April 5, 1821. Charity was a daughter of William and Elvy Anderson Shepherd, granddaughter of Revolutionary War soldier Elijah and Lavinia Brack Anderson. A large caravan of travelers including the Andersons, Shepherds, Sellers and associated families left Jefferson Co, GA around 1827 for the hazardous trip to Alabama. Nathaniel and Charity were among their number. Land records for Lowndes County, AL indicate that they settled in the Steep Creek area west of Pintlala. Between Feb 1832 and Jan 1835 Nathaniel acquired at least 160 acres of land in Lowndes Co T14, R16 Secs 20 and 21. In Jan 1836 he became the original owner of record of 320 acres in southern Montgomery County along what is now Hickory Grove Rd. (T13, R17, Secs 33,34 and 35) in the vicinity of Mt. Carmel. 1852 tax records show 400 acres in his farm. At the time of his death he had 215 acres. He and his family remained at this location until his death in 1862 and Charity's death in 1876.

Nathaniel was a trustee of Mt Carmel Church and the property which was deeded to the church by James and Charity Matilda Bonham Chambers may have been land owned at one time by Nathaniel. Some reports have speculated that he may have been a preacher but if he had been a Minister of the Gospel one would expect that his name would appear in marriage records as officiating at weddings in the area. We have not seen him mentioned in this capacity.

Nathaniel is buried in Mt Carmel Cemetery. He is shown as Nathan and his date of death is written June 16, 1863 and it is so recorded in the Bonham-Morrison family Bible. However Montgomery County Probate Records clearly show that he died in 1862. His will was probated Sept 4, 1862 (Montgomery County Will Book 4, P 263-4) and named Charity as sole executrix with all the property to go to her. Minutes of Probate Court Book 19 - P 731 is a document which contains a list of heirs. The estate appraisal was made on Nov 25, 1862 and is transcribed below. Real estate tax records for 1862 name Charity as owner of the property. Personal property tax assessments include tax on the clock which they owned.

Nathaniel and Charity Bonham were the parents of 13 children, the first four of whom were born in Georgia. (1) William Fletcher married Martha Ann Spencer and was a Methodist Protestant Minister mentioned in Anson West's History of Methodism in Alabama. (2) Margaret H. married Jesse Mings. They moved to Texas along with the Shepherds and other families from the area. (3) James Wesley married Mary Jane Pouncey. Their home was near Fleta. James W. Bonham's daughter, Martha Letitia (Babe) married Thomas J. Sellers and is Ronald Sellers' grandmother. (4) Elvy Ann married Wesley Skipper. Her 2nd husband was George Morrison. (5) Elijah M. married Amanda McCollum and they continued to live in the area. (6) Nathaniel S. married Mary J. Melton. (7) Charity Matilda married James W. Chambers. They lived adjacent to Mt Carmel Church. (8) Lavinia T. married P.T. Harwell and then _____ Brooks. (9) Mary Ann married John R. (or

G.R) Brooks (10) Celia A. married Wade Bosman(Bozeman) (11) John J. - no information. (12) Martha W. - died at age 7. (13) Sarah Adeline married Benjamin W. Troutman. They lived near Mt. Carmel.

Charity's sister, Elizabeth Shepherd married Thomas Brady. The Bonham and Brady families did not join the exodus to Texas in the 1840s and the descendants of these two families are numerous in Southwest Montgomery County. Both Mt. Carmel and Bethlehem Cemeteries provide the final resting place for many of the offspring of these two families. Many others in this area including the Sellers families at Fleta are descendants of Charity's and Elizabeth's aunt, Levinia Anderson Sellers. The matriarch of this large family was Lavinia Brack Anderson who is a direct descendant of Mayflower passenger, Edward Doty.

Information compiled by Mrs. Ronald Sellers June 1995

HOPE HULL, THE DUGGARS, AND CLOROX:

In the June edition of Neighbors, a publication of the Alabama Farmers Federation, Jamie Creamer had an interesting article on the Duggars and Clorox. We quote, in part:

"In two large vats, in a shed on his dairy farm just south of Montgomery, J.F. Duggar Jr. brewed many a gallon of potent liquid. It wasn't moonshine. It was bleach - bleach made out of chlorine and lye, using a formula that he developed around 1910, when he was just 16, in a chemistry class at what's now Auburn University.

He sold the bleach for \$1.25 a gallon, in one-gallon bottles and five-gallon ceramic jugs. Most of his customers were fellow farmers, from Alabama to Ohio, who came to rely on the bleach as a super germicide for their milking parlors.

Duggar called his bleach "DB: DEATH ON BACTERIA."

We call it "Clorox."

"That's my only claim to fame," says Llewie Duggar of Hope Hull. "My father invented Clorox."

So you'd think that today, with his father's invention in virtually every household in America, Llewie would be really cleaning up, so to speak. But he isn't. And the reason he isn't is because his father gave away the formula for his powerful bleach. Just flat-out gave it away.

"He made it for years and then got tired of it," Llewie says. "He saw that, to be profitable, it would have to be made on a big scale."

And that would've required a major capital investment that J.F. Duggar wasn't willing to make.

"Times were hard--it was the Depression, you see--and he didn't want to risk losing the place," says Llewie of the farmland surrounding his rundown frame farmhouse. "My father was not a gambler."

So, as Llewie tells it, his father told a chemist in Montgomery his formula for making Death on Bacteria and told him to have at it.

That chemist fellow, Llewie says, was really a wheeler-dealer. He went to Chicago and made a few connections. Before long, the nation was introduced to a powerful household bleach called Clorox.

What's incredible is that J.F. Duggar--who died "something like 13 years ago," Llewie says--never harbored one bit of animosity toward the fellow who was making a mint off of his scientific genius.

"He was proud to see Clorox do well," Llewie says. "He never got a thing for it--not one penny--but that never bothered him. My father was a magnanimous man."

Clorox wasn't J.F.'s only life-changing invention, either, Llewie insists. In World War I, as a scientist for the Navy, he developed an air purification device that allowed submarines to stay submerged longer. That one earned him a certification of commendation from the secretary of the Navy."

DUGGAR/CLOROX cont.

Llewellyn tells us that his father, Fred, also experimented with potash. He even fed his children forms of potash to check on vitamin input. He ended up selling his findings to a large company for \$1.00. The product is now on the market as a salt substitute.

Llewellyn's grandfather, John Frederick Duggar, was dean of the Auburn School of Agriculture for many years. He perfected a wilt resistant cotton and wrote a number of textbooks for secondary schools and books on agriculture for adults.

Llewellyn's great uncle, Dr. Benjamin Minge Duggar, discovered the aureomycin drugs while working at the University of Wisconsin.

There are many interesting stories on this smart and talented family. We hope to get more on record. [ETT]

THOUGHTS ON ANCESTRY:

** And so our mothers and grandmothers have, more often than not anonymously, handed on the creative spark, the seed of the flower they themselves never hoped to see -- or like a sealed letter they could not plainly read. -- Alice Walker

** People will not look forward to posterity who never look backward to their ancestors. -- Edmund Burke

** We owe it to our ancestors to preserve entire those rights which they have delivered to our care: we owe it to our posterity not to suffer their dearest inheritance to be destroyed.-- Junius

** Why pay money to have your family tree traced? Go into politics, and your opponents will do it for you. -- Mark Twain

** It is worthwhile for anyone to have behind them a few generations of honest, hard-working ancestry. -- John Phillips Marquand

** It doesn't matter who my father was; it matters who I remember he was. -- Anne Sexton

** It is one proof of a good education and of a true refinement of feeling to respect antiquity. -- Lydia H. Sigourney

** A lot of what I am is what they were. -- George Tankersley
Mount Olive, AL

NEW MATERIALS IN PHA FILES AT LIBRARY:

W. Clanton Mosley has contributed an update of descendants of Edward and Martha Butler Mosley and of George Shackelford and Annette Jeter.

Jack Bonham has given a genealogy of the Bonham family.

We have filed Newsletters from Lowndes, Butler, and Crenshaw Counties and from the Montgomery Genealogical Society. These include interesting stories - some that pertain to this area. [ETT]

IN MEMORIAM:

The sincere sympathy of Pintlala Historical Association is extended to the family of Mr. Clyde Shirley who died on July 6, 1995. Mr. Shirley is the husband of Mrs. Mildred Shirley who is presently the secretary of PHA. He will be missed by family, friends and his community, Millbrook.

NOTE OF APPRECIATION:

A thank you note has been received from the family of James W. "Bill" Carter thanking Pintlala Historical Association for the kind expressions of sympathy shown at the time of his death.

DUES! DUES! DUES!

Yes, it is past time for paying dues. Tempus do fugit! Let's get those delinquent dues paid so as to remain in good standing and not miss a single issue of the Pintlala Historical Newsletter. Payment should be made to Hattie Smith, treasurer.

AUTOGRAPH BOOKS:

More and more people are discovering old autograph books that they had forgotten they had. People are bringing them in to display and they make quite a conversation piece. Marion Gregory brought one to the last meeting with beautiful penmanship and inspiring verses. Ethel Tankerslay Todd has shared one in this Newsletter. Rene Barnett has one, which she has acquired on one of her many book buying jaunts, which has a page that appears to have been written by no other than Harriet Beecher Stowe! Mary Hawthorne has shared the autograph book which belonged to her husband, Bill, which is full of messages written by his classmates, circa 1930. If you were in Bill's class, your message and name may appear in his book. There are some familiar names therein. Look around and see if you can find your old autograph book and bring it in to show. Some of them are biographies in themselves. There is no time limit. LH

LIBERTY CHURCH OF CHRIST

Liberty Church of Christ was originally located one mile down the Fleta Road (now Pettus Road) at the end of Liberty Church Road. After about twenty years, a building was erected at the present location. (Mobile Highway and Pettus Road)

Our second building was begun circa 1893, and services held there in 1894. Among the records are bills for ceiling and flooring dated April, 1894. In 1895, our present church lot was purchased from F.G., Felix and Mrs. Julia Anderson, and deeded to J.J. Moseley, D.W. Murrell, W.L. Holmes, and members of Liberty Church. The new building consisted of an auditorium. About twenty years later, the vestibule and two classrooms were built.

The old church records were stolen in 1915, along with some other things. The oldest existing list of members is over fifty years old. The names of five members who still worship with us are included among the seventy-six listed.

As the result of a fire, a new metal roof was put on in 1939, and in 1940-41 two Bible classrooms, the restrooms, the baptistry and picture were added. The \$500 borrowed to do this work was repaid ahead of schedule. In the 1950's, the interior of the building was remodeled, an air-conditioning and heating system installed and a porch and lighted sign added. In 1950, Miss Lottie Ree Garrett gave additional land on the south side of the church lot. In the early 1960's, two more classrooms were built.

In the late 1960's it was realized that the old building was becoming inadequate. A building fund was started.

In the 1970's, plans for a new building were discussed. The untimely death of Brother Willard Willis in 1972 postponed plans until 1974. The Garrett family generously deeded additional land east of the original church property to make it possible to construct a suitable building on the original church property while continuing services in the old building.

Mr. David Boyd began the new building in 1972. Open House was held on June 20, 1975.

The old building was torn down in March 1976.

MOSLEY (MOSELEY)-SHACKELFORD REUNION HELD:

Around 80 descendants of Edward and Martha Butler Mosley and George and Annette Jeter Shackelford gathered at Pintlala Baptist Church for their annual reunion on June 24, 1995. The meeting was beautifully planned and organized by the president, W. Clanton Mosley of Newellenton, SC. He and his family were here for several days researching family history, tending cemeteries, and putting together the reunion.

The oldest member attending was Lulu Mae Mosley Tyre, age 92, and the youngest was Clanton's 3-month-old grandson, Daniel Clanton Whitlow. The family of Henry Martin Hope, descendants of Annie Lee Shackelford Rogers, were here from Las Vegas, NV. Jack, Bob, and Anita Bonham from Ft. Walton Beach, FL attended. Jack Bonham showed to the group the sword used by Bethel Jarrell Bonham in "The War." Captain Bonham is buried in Bonham Cemetery in Pintlala.

Clanton and Betty do a superb job of sending out a newsletter with information on this ever widening clan. They certainly deserve gratitude and appreciation. [ETT]

Reunion of the Lassiter Family

The family of the late Frank Grant and Annie Mene Lassiter met on June 24, 1995 in the Liberty Church of Christ Fellowship Hall with a total of 48 present. Of the original family four sons, and their wives, John Brady, and Nell, Clarence and Helen, Felix and Mary, and Glenn Allen and Eddie Jo and daughter Miniam and Leslie Williams attended. There were 18 grandchildren, 15 great grandchildren. Two sons, Joe Frank, Jackson Hobbie and one daughter, Myrtle Dubbenley passed away several years ago. There were several family members who could not come because of illness or had their jobs to go to. We missed our sister, Virginia Davis and her family.

Special guests attending was Mark Jones and his wife Rachel who is the new minister of Liberty Church of Christ and is now living in the community. Also attending was Rene Barnett who lives in the Lassiter's old homeplace. and Phillip and Oleene Williams who lives on Miniam and Leslie's place. We missed John Sellens who went to hospital on Friday before our reunion and we are glad he is back home and up and about.

We all had a joyful time and plenty of good home cooking and fellowship was enjoyed by all. We enjoyed looking at pictures of years gone by when all were present with our loving and caring parents. We could see how we have changed since our first reunion. Families came from Hope Hull, Montgomery, Pike Road, Tuscaloosa and Quinton, Alabama and Jonesboro and Decatur, Ga.

We are looking forward to another family reunion in 1996 and hope all that missed this reunion will try and come in 1996.

By Miniam Williams

MCGEHEE CEMETERY IS CLEAN:

At last, the historic old McGehee Cemetery is seeable and accessible. Trees, roots, the old chain link fence have been removed. The tombstones have been straightened, cleaned, and repaired. Sunken graves are filled in. The Montgomery County Commission has completed an access road off the end of Emory Folmar Drive in the Interstate Industrial Park.

As we reported before, monies came from the Alabama Bible Society and from many descendants of those buried in this spot. Julian and Caroline Elgin and Edward McGehee have given work and money to this undertaking. We will shortly send out a report and accounting to those concerned.

Much has been done, but much remains to be done. Some kind of fence needs to be placed to mark the boundaries of the cemetery. A historic marker on the road is needed. Most importantly, a fund for and arrangements made for annual spraying and cleaning. Mr. Robert McGehee and Mr. Oliver McGehee have done work in the cemetery. Mr. & Mrs. Ken Green, treasurers, Hope Hull United Methodist Church, have been most gracious in taking care of the money.

We are quite proud of what has been accomplished, but worry now that nature might again be allowed to reclaim this historic spot.

[ETT]

RED BUGS LOVE OLD CEMETERIES AND ME:

I have never seen a red bug, but, believe you me, I have felt them! Red bugs are mites, not insects, and close kin to spiders, scorpions, and ticks. They are parasites that suck blood from animals and juice from plants. Our little red friend is a harvest mite and will eat most anything including cheese, feathers, flour, and other odd items, including me!

They are sometimes called chiggers but usually by those who come from somewhere north of Birmingham. There is a chigoe flea in South America, which may account for the name 'chigger.'

The best thing to do is prevention. If you are going where they may be, deter them with "OFF" or its like. But if they get you first, apply juice of aloe leaf, clear finger nail polish, or vaseline. In the meantime, try not to scratch in public. Please be warned that they love to reside in old cemeteries. [ETT]

BONHAM CEMETERY LISTED:

We have run the listing included here on the Bonham Cemetery before. There are some typographical errors. With renewed interest in this cemetery, perhaps someone would work on updating and correcting it.

[ETT]

BONHAM - ANDERSON - MOSELEY CEMETERY

Section 21, Township 14 North, Range 17 East

Pintlala, Montgomery County, Alabama

This cemetery is located near the southern boundary line of Section 21 and is about 1/4 mile east of U.S. 31 South. The property is owned by Mrs. Jean Ivey, daughter of Mr. Carroll Mosley (deceased). Older residents of the area sometimes referred to this cemetery as the "Pharoah Cemetery" because Francis Pharoah was the original owner of the property.

Sometime in about the 1950's, the marked graves were fenced in. Older residents of the area remember a much larger area of unmarked graves to the north and east of the fencing. A slave burial area was supposedly located nearby. Presumably, Elijah Cumbie Anderson (1799-1866) and his first wife (name unknown, c.1800-c.1837) are buried in the unmarked area as are some of their children. A son, Isaac W. Anderson (1832-c.1895) and his wife, Martha Lucretia (Ball) Anderson (1820-c.1890) are undoubtedly buried in the unmarked area. The site is just south of the property owned by Elijah. Two of his sons, Elisha and Cornelius enumerated below, are buried in marked graves.

January 1, 1854
May 8, 1925

(Head of B.F. & Annie M.
Daisy Ruby
Daughter of
B.F. & F.C. Anderson
January 7, 1923
April 13, 1923

QUERIES:

My great-great Grandfather, William H. Jones came to Montgomery County, Alabama in the early 1830's. He and his family started their trek in North Carolina via *The Old Federal Road* and spent some time in South Carolina before coming on to Alabama. The first record I have of the Jones family in Alabama is the list of members of Bethel Church at Pintlala. William H. Jones was admitted in October, 1833 and left in July, 1838. His wife, Nancy, was admitted in September, 1833 and left in June, 1835. William's son John and John's wife, Elizabeth, were there at approximately the same time. But there are other Joneses, also there at the same period, who I cannot identify. They are Wiley, Catherine and Tabitha. I would appreciate any help in linking these Joneses with William and his family. I am also seeking information as to the burial site of William and Nancy. William had a son, Levi, and a grand son, Jasper, who lived in the same general area. I would like more information about them.

I would be pleased to correspond and share data with any one interested in the William H. Jones family.

Fred D. Jones

Mobile, Alabama 36608

Eleanor Greene Hemmes is searching for information about her grandfather, James Benjamin Greene (1874-1941) who lived in Montgomery County and ran a barbeque place either in Montgomery Co. or south of there. He lived at one time in Hayneville and died at St. Margaret's Hospital in Montgomery. Other ancestors of Eleanor's are the Haynes for whom Hayneville was named. She has much information on them which she will be happy to share. If you knew her grandfather or have any information about him, please contact Eleanor at 9918 Kirkhaven, Dallas, TX 75238 or call Lurline Hall, 281-3399 and I will be glad to pass the information on to her.

FLETA DOCTOR'S OFFICE FEATURED:

Recently there was a picture in the Montgomery Advertiser of our friend, historian Mary Ann Neeley, director of Landmarks Foundation, looking over a medical saddle bag used by Dr. Thomas David Duncan in the 1890's. The bag is in his doctor's office, one of the many buildings at Old Alabama Town which was featured on a tour in honor of National Preservation Week. Dr. Duncan was a well known physician who lived at Fleta and practiced medicine in surrounding communities.
